### OUR AIMS

To advance education through the promotion of the arts with particular but not exclusive reference to the art of photography. Photoworks recognises that the work of photographers helps shape and reinforce attitudes towards people from under and misrepresented groups, and is committed to the development of a non-discriminatory and multi-cultural practice.

Photoworks has been promoting photography in the community since 1976. We work with organisations and individuals in Westminster, Camden, Brent and Kensington & Chelsea. We aim to encourage the use and understanding of photography among sections of the community who do not have ready access to mainstream arts activities.
